# ABOUT THE GROUP

Suhail Industrial Holding Group, Qatar's leader in industrial products, technology, and services, is providing the most innovative industrial solutions from Qatar to the rest of the world.

# WHO ARE WE?

Suhail Chemical Industries are active in the development and production of chemical products like degreasers, decalcifiers, water treatment products, lubricants.

The company is starting to manufacture solvent-based cleaners. Our products are environmentally friendly products. Many of the products are tailor-made products for large companies in several branches such as the Oil industry, Paint industry, Defense, Water treatment, Food Beverage industry, Metal industry, Aircraft companies and Automotive industry.

Environmentally friendly and high-quality raw materials are an essential characteristic of all our manufactured and distributed products.

# VISION

Envisioning a **cleaner, greener future**, we strive to **revolutionize the chemical industry** through cutting-edge research, responsible manufacturing, and exceptional customer collaboration.

We aim to become the go-to partner for **environmentally conscious businesses seeking effective and customized chemical solutions.**

# MISSION

“To be a leading **innovator and provider of eco-friendly chemical solutions**, committed to **delivering high-quality, tailor-made products and services that empower** industries to thrive sustainably.”

# VALUES

**Environmental Stewardship**  
**Innovation**  
**Customer-Centric Approach**  
**Quality and Excellence**  
**Integrity and Transparency**  
**Safety and Responsibility**  
**Collaboration and Teamwork**  
**Social Impact**

# TEAM WORK

“

We did not make only the **“one fits all”** products. In dialogue with the customer.

We can **develop** customer specific products, based on your **specific needs**.

”

SUHAIL CHEMICAL  
INDUSTRIES ARE **ACTIVE**  
IN THE **DEVELOPMENT**  
AND **PRODUCTION** OF  
CHEMICAL PRODUCTS  
LIKE **DEGREASERS,**  
**DECALCIFIERS, WATER**  
**TREATMENT PRODUCTS,**  
**LUBRICANTS.**

# SERVICES

- **Customized Facilities Management**
  - **Water Treatment**
- **Customized Cleaning Products**

# AVIATION INDUSTRY

## AIRCRAFT HYDRAULIC FLUID REMOVER (AHFR)

Aircraft Hydraulic Fluid Remover (AHFR) is a mix-blend cleaner base on fatty ester and designed to easily remove hydraulic fluid. AHFR has been tested conform AMS - 1526B specifications by SMI Inc, Miami, USA.

## AIRCRAFT CLEANER GEL

Aircraft Cleaner Gel is used by maintenance crews to clean the entire exterior of aircraft and helicopters. Fewer products and less manpower are used in comparison to conventional aircraft cleaners.

The product can be custom blended depending on the specific application required and the system to be cleaned.

The Gel product is made for use in combination with a low-pressure gel-spray system to obtain maximum cleaning efficiency.

## AIRCRAFT CLEANER FLUID

Aircraft Cleaner Fluid is a very powerful water-based exterior cleaner for aircraft and helicopters. Aircraft Cleaner Fluid is solvent free and wastewater friendly.

The product was developed at the request of experts engaged in the business of commercial and military aircraft maintenance.

The high PH value of the product produces a vigorous and efficient cleaning effect. The product will not affect aluminum as it contains special inhibitors to enable safe application. In addition to its non-corrosive qualities, the product is highly appreciated by users in the aviation industry for its optimal performance.

Depending on the level of contamination to be removed, the product may be diluted with water, as shown below. With heavy contamination, such as oil, fuels, carbon and grease residues in the engine exhaust area and landing gears.

## ECONOMIC UNIVERSAL CLEANER

Economic Universal Cleaner is a very special powerful general purpose cleaner with a broad range of applications for "in situ" cleaning.

Especially designed to meet stronger local legislation, Solvent free and human and wastewater friendly

## RUNWAY STRIPER

Runway Striper during aircraft landing, prior to the actual touchdown, the tires are at rest, experiencing no rotation.

At the point of impact with the asphalt, the aircraft is moving with a high speed, so the tires must reach a rotational speed to match the aircraft speed in a very short amount of time.

# OIL & GAS

## HEAVY DUTY CLEANER (HDC)

HDC is a blend of vegetable emulsifiers of the turpentine group, surfactants, and sequestering agents.

HDC is a universal cleaner for heavy contamination problems. HDC is highly biodegradable, environmentally friendly with a smell of fresh citrus. HDC remains stable and does not emulsify when used with water and oil separator.

## ECONOMIC UNIVERSAL CLEANER

Economic Universal Cleaner is a very special powerful general-purpose cleaner with a broad range of applications for "in situ" cleaning. Especially designed to meet stronger local legislation, Solvent free and human and wastewater friendly.

## VALVE CLEANER

Valve Cleaner is a cleaning fluid especially developed for breaking down and removing hydrocarbon resistant greases and oils such as synthetic valve lubricants from metal surfaces within gate valve cavities.

## INDUSTRIAL FLOOR CLEANER

Industrial Floor Cleaner is a concentrated universal cleaner for workshops, chemical and refinery plants, where floors are contaminated with heavy pollution, like grease and oil residues.

It is especially designed to meet the strongest local legislation. Floor Cleaner is solvent free, and human and wastewater friendly.

This product contains a special detergent which gives an extra strong cleaning effect on grease and mineral oil pollution.

## BUPICLEANER CONCENTRATE

Bupicleaner is an extremely strong alkaline concentrate, with specific additives. Can be used with cleaning- and degreasing applications.

There is a version with and without corrosion protector which gives a protection of +-5 days against Flash rust etc.

By its features Bupicleaner can be used on ferrous and Non-ferrous metals and plastics.

## BIODERUSTER

Bioderuster is an amazing rust eliminator. A product of extensive research, Bioderuster has been proven effective to remove even deep rust on all types of mild steel and iron.

It is safe on all surfaces and will not harm copper, brass, aluminum, plastic, rubber, or vinyl. Bioderuster is non-toxic, non-corrosive, and biodegradable and contains no acids or alkalis.

It is non-flammable and contains no petroleum solvents. Bioderuster will not affect un-rusted steel.

## EXTREME GREASE REMOVER EXTRA

Extreme Grease Remover Extra is a mix blend cleaner based on fatty ester. Extreme Grease Remover Extra leaves an anti-corrosion residue. Extreme Grease Remover Extra is ideal for cleaning crude oils, grease deposits, anti-corrosion coatings, (printing) ink, hydrocarbon residues, tar-like deposits, etc. Extreme Grease Remover Extra is Nontoxic, Non-flammable and biodegradable.

ADVANTAGES :

- Non- flammable, Non-poisonous, Phosphate free, Non-toxic
- High biodegradability

# FOOD INDUSTRY

## HACCP: STANDS FOR HAZARD ANALYSIS CRITICAL CONTROL POINT

HACCP It is a systematic approach to identifying, evaluating, and controlling food safety hazards throughout the food production process.

HACCP is used to prevent, reduce, or eliminate potential hazards that could lead to foodborne illnesses or other health risks.

The HACCP system involves several principles, including conducting a hazard analysis, determining critical control points, establishing critical limits, monitoring procedures, corrective actions, verification, and record-keeping.

HACCP is widely recognized and applied in the food industry to ensure the safety of food products consumed by the public.

## GLASS CLEAN (HACCP)

Glass Clean concentrated, is a quick drying glass cleaner of very high quality, for use with spray flacon, specially qualified for the whole interior like windows, mirrors, and tiles.

## SANIPOWER (HACCP)

Sanipower is a sanitary cleaner for periodical use, and suitable for floors, walls, lavatory pans, public lavatories, wash basins and so on. It is a concentrated product and very economical to use.

## FLOOR CLEANER (HACCP)

Floor Cleaner is a concentrated universal floor cleaner for maintenance cleaning. This product can be used for all commercial and private floors, tiles, vinyl and so on. Floor shine leaves a nice shine and fresh smell after use.

## CLEANER AND DISINFECTOR (HACCP)

HACCP has bactericidal, fungicide and algicide properties, as well as a large broad effect. The product is cleaned and deodorized in one operation.

The growth of gram-positive and gram-negative microorganism is effectively prevented. Using the cleaner according to the instructions, the known bacteria and yeasts (such as Pseudomonas aeruginosa, Escheria coli, Proteus vulgaris, Staphylococcus aureus and Candida albicans) in the hospital area will be killed.

The product meets the requirements of the European quantitative suspension test for disinfectant agents. If the application of the product is done properly the existing germ content will be effectively reduced and the residual germs will be killed.

## KITCHEN GREASE REMOVER

Kitchen Grease Remover is a specially formulated powerful alkaline universal cleaner that can be used to effectively and quickly remove both vegetables and animal fats. By its composition the KGR very well can be used for removing caked fat on hoods in restaurant and industrial kitchens. Particularly effective on metal grease filters.

## MULTICLEAN HACCP

Multiclean HACCP is an interior cleaner of very high quality and suitable for windows, mirrors, tiles, floors, walls, cabinets and overing.

Useful for buckets and spray applications.

# MILITARY

## AIRCRAFT CLEANER

Aircraft Cleaner is a very powerful water-based exterior cleaner for aircraft and helicopters.

## AQUA SILICON REMOVER LIQUID (ASRL)

ASRL is an extremely strong alkaline concentrate, with specific additives. ASRL is a non-solvent universal cleaning and degreasing product which also removes silicon.

## NONSOL 1 & 6

Nonsol 6 Specially designed to meet the most stringent Regulations. NONSOL® 1 and 6: NONSOL is a heavy-duty solvent-free cleaner for industrial general maintenance where a light corrosion inhibitor is needed.

Nonsol 6 may be safely applied to both ferrous and non-ferrous surfaces. NONSOL is suitable for cleaning crude oils, grease deposits, and hydrocarbon residues. For example, cleaning valves, machine parts, products, wheel bearings and multiple applications in tool shops, production, and maintenance operations.

## ARMAMENT CLEANER

Armament Cleaner is a heavy duty solvent free and water-based cleaner for industrial general maintenance. Armament cleaner contains high tech additives for cleaning f.i. cleaning valves, machine parts, wheel bearings or whatever applications in tool shops, weapons and where corrosion inhibitor is needed.

## ECONOMIC UNIVERSAL CLEANER

Economic Universal Cleaner is a very special powerful general purpose cleaner with a broad range of applications for "in situ" cleaning. Especially designed to meet stronger local legislation, solvent free and human and wastewater friendly.

## FLOOR CLEANER

Floor Cleaner is a concentrated universal floor cleaner for maintenance cleaning. This product can be used for all commercial and private floors, tiles, vinyl and so on. Floor shine leaves a nice shine and fresh smell after use.

## BIODERUSTER

Bioderuster is an amazing rust eliminator. A product of extensive research, BIO-DERUSTER has been proven effective to remove even deep rust on all types of mild steel and iron.

It is safe on all surfaces and will not harm copper, brass, aluminum, plastic, rubber or vinyl. Bioderuster is non-toxic, non-corrosive, and biodegradable and contains no acids or alkalis.

It is non-flammable and contains no petroleum solvents. Bioderuster will not affect un-rusted steel.

## EXTRA (EXTREME GREASE REMOVER) EGR

E.G.R. is a cleaner based on fatty esters and emulsifiers. Powerful cleaner with specific additives for a universally possible employability at cleaning and degreasing applications.

The product is environmentally friendly, biodegradable and has no smell.

## WEAPON OIL 761

Weapon Oil 761 is a liquid on the base of synthetic hydrocarbons and carboxylic acid esters containing additives to improve the anti-corrosion performance and anti-wear properties.

The weapon oil is a multifunctional CLP oil (cleaning, lubricating, and protecting).

## HEAVY DUTY CLEANER (HDC)

HDC is a blend of vegetable emulsifiers of the turpentine group, surfactants, and sequestering agents. HDC is a universal cleaner for heavy contamination problems. HDC remains stable and does not emulsify when used with water and oil separators.

# METAL

## BUPICLEANER CONCENTRATE

Bupicleaner Concentrate is an extremely strong alkaline concentrate, with specific additives. Can be used with cleaning and degreasing applications.

There is a version with and without corrosion protector which gives a protection of +5 days against Flash rust etc.

By its features Bupicleaner can be used on ferrous and Non-ferrous metals and plastics.

## ECONOMIC UNIVERSAL CLEANER

Economic Universal Cleaner is a very special powerful general purpose cleaner with a broad range of applications for "in situ" cleaning. Especially designed to meet stronger local legislation, solvent free and human and wastewater friendly.

## BIODERUSTER

Bioderuster is an amazing rust eliminator. A product of extensive research, BIO-DERUSTER has been proven effective to remove even deep rust on all types of mild steel and iron.

It is safe on all surfaces and will not harm copper, brass, aluminum, plastic, rubber, or vinyl. BIO-DERUSTER is non-toxic, non-corrosive, and biodegradable and contains no acids or alkalis. It is non-flammable and contains no petroleum solvents.

BIO-DERUSTER will not affect un-rusted steel.

## AQUA SILICON REMOVER CLEANER (ASRL)

ASRL is an extremely strong alkaline concentrate, with specific additives. ASRL is a non-solvent universal cleaning and degreasing product which also removes silicon.

## HEAVY DUTY CLEANER (HDC)

HDC is a blend of vegetable emulsifiers of the turpentine group, surfactants, and sequestering agents. HDC is a universal cleaner for heavy contamination problems. HDC remains stable and does not emulsify when used with water and oil separators

## NONSOL 6

Nonsol 6 is especially designed to meet the most stringent Regulations. is a heavy-duty solvent-free cleaner for industrial general maintenance where a light corrosion inhibitor is needed. NONSOL may be safely applied to both ferrous and non-ferrous surfaces.

NONSOL is suitable for cleaning crude oils, grease deposits, and hydrocarbon residues. For example, cleaning valves, machine parts, products, wheel bearings and multiple applications in tool shops, production, and maintenance

# AUTOMOTIVE | TRUCK

## NONSOL 6

Nonsol 6 is especially designed to meet the most stringent Regulations. It is a heavy-duty solvent-free cleaner for industrial general maintenance where a light corrosion inhibitor is needed. NONSOL may be safely applied to both ferrous and non-ferrous surfaces.

Nonsol 6 is suitable for cleaning crude oils, grease deposits, and hydrocarbon residues. For example, cleaning valves, machine parts, products, wheel bearings and multiple applications in tool shops, production, and maintenance.

## CAR SHAMPOO BRILLIANT SHINE

Car Shampoo Brilliant Shine is a highly concentrated car shampoo for cleaning paint, metal, glass, plastics and rubber. The product has a deep cleaning and fast drying performance with a brilliant shine.

## BIODERUSTER

BIO-DERUSTER is an amazing rust eliminator. A product of extensive research, BIO-DERUSTER has been proven effective to remove even deep rust on all types of mild steel and iron. It is safe on all surfaces and will not harm copper, brass, aluminum, plastic, rubber or vinyl.

BIO-DERUSTER is non-toxic, non-corrosive, and biodegradable and contains no acids or alkalis. It is non-flammable and contains no petroleum solvents. BIO-DERUSTER will not affect un-rusted steel.

## WHEEL CLEANER PROFI

Wheel Cleaner Profi is an alkali cleaner of very high quality. Wheel Cleaner Profi is specially designed for professional users, as car polish companies, car wash and truck wash installations and so on. This product needs a very short time to clean, so you can work quickly and efficiently. The product can be used on diverse ways and various materials like steel and aluminum.

Usually, strong acids are being used for the cleaning of rims, which smell unpleasant and can even affect your wheels! Wheel Cleaner Profi smells pleasant and doesn't affect your wheels. The product is also outstanding for use on synthetic hubcaps.

- Universal Wheel cleaner
- Quick and efficient formula
- Removes dust of the brakes and dirt of the road from all kinds of rims
- Suited for all kinds of rims and hubcaps.

# INDUSTRY

## BUPICLEANER

Bupicleaner is an extremely strong alkaline concentrate, with specific additives. Can be used with cleaning and degreasing applications.

There is a version with and without corrosion protector which gives a protection of +-5 days against Flash rust etc.

By its features Bupicleaner can be used on ferrous and Non-ferrous metals and plastics.

## VALVE CLEANER

Valve Cleaner is a cleaning fluid especially developed for breaking down and removing hydrocarbon resistant greases and oils such as synthetic valve lubricants from metal surfaces within gate valve cavities.

## EXTRA (EXTREME GREASE REMOVER) EGR

E.G.R. is a cleaner based on fatty esters and emulsifiers.

Powerful cleaner with specific additives for a universally possible employability at cleaning and degreasing applications. The product is environmentally friendly, biodegradable and has no smell.

## E-FLUSH

E-Flush is a universal heavy-duty alkaline cleaner for oil residue, hydrocarbon residues, crude oils, asphalt, tar-like deposits, oil and grease and may be used to clean storage tanks, tank walls, tank wagons and trailers, vehicles, heat exchangers, pipelines, machinery, equipment, floors, etc.

## HEAVY DUTY CLEANER (HDC)

HDC is a blend of vegetable emulsifiers of the turpentine group, surfactants, and sequestering agents.

HDC is a universal cleaner for heavy contamination problems. HDC remains stable and does not emulsify when used with water and oil separators.

# FACILITY MANAGEMENT

## HEAVY DUTY CLEANER (HDC)

HDC is a blend of vegetable emulsifiers of the turpentine group, surfactants, and sequestering agents. HDC is a universal cleaner for heavy contamination problems. HDC remains stable and does not emulsify when used with water and oil separators.

## BUPICLEANER

Bupicleaner is an extremely strong alkaline concentrate, with specific additives. Can be used with cleaning- and degreasing applications.

There is a version with and without corrosion protector which gives a protection of +5 days against Flash rust etc.

By its features Bupicleaner can be used on ferrous and Non-ferrous metals and plastics.

## ECONOMIC UNIVERSAL CLEANER

Economic Universal Cleaner is a very special powerful general-purpose cleaner with a broad range of applications for "in situ" cleaning. Especially designed to meet stronger local legislation, Solvent free and human and wastewater friendly.

## SANIPOWER

Sanipower is a sanitary cleaner for periodical use, and suitable for floors, walls, lavatory pans, public lavatories, wash basins and so on. It is a concentrated product and very economical to use.

## MULTICLEAN HACCP

HACCP is an interior cleaner of very high quality and suitable for windows, mirrors, tiles, floors, walls, cabinets and covering. Useful for buckets and spray applications.

## GLASS CLEAN

Glass Clean is a concentrated, a quick drying glass-cleaner of very high quality, for use with spray flacon, specially qualified for the whole interior like windows, mirrors, and tiles.

### RVS CONDITIONER

RVS Conditioner gives a brilliant shine and lasting protection for polished stainless-steel surfaces. RVS CONDITIONER seals the fine pores and gives a static-protective layer, without too wet, lubricate or grease.

It prevents for Fingerprints, smudges, and dirt deep. by the Micro-fine sprayer is particularly economical to spray.

### GREASE REMOVER

Grease Remover is a degreaser of a very high quality, which is used for hoods, floors, walls, tiles, stainless steel, synthetics, and other materials. Grease Remover cleans deeply and leaves unlike other products no residue.

It is a concentrate and can be delivered with a dosage pump and sprayer to avoid excessive use. Grease Remover is highly suitable for the nutrition industry.

It replaces all your present kitchen cleaners and is also very competitive in price and has a large applicability, like hotel, restaurant and catering industry, factories.

To be short, there were the highest hygienically demands are made.

### POWER DEGREASER

Power Degreaser is a powerful degreaser. The product is applicable for all kinds of materials such as furnaces, hoods, grills, slicers, coffee pots etc.

Suitable everywhere where hard surfaces must be cleaned from dirt, deposits, grease, or other contaminants.

The degreaser gives a bright shine when cleaning metals and stainless-steel surfaces.

### FLOOR CLEANER HACCP

Floor Cleaner HACCP is a concentrated universal floor cleaner for Kitchen and Restaurants. It is especially designed to meet the strongest local legislation.

Floor Cleaner is solvent free, and human and wastewater friendly. This product contains a special detergent which gives an extra strong cleaning effect on vegetable fats and mineral oil pollution.
